| Project Stage | Completed |
| Duration | 2016 - 2017 |

Studies, Plans, Monitoring & Assessment ➤ Assessment

The purpose of the project was to perform home fire-wise assessments to help landowners be aware of the fire risks surrounding their homes. Recommendations for actions by the landowners were recommended.

Tracker tells stories at a broad-brush level. Individual project performance measures and expenditures should not be relied upon for complete and total accuracy and should be confirmed with a project's lead implementer. Project locations subject to confidentiality provisions under state and federal law specify the location of a local conservation district or USDA service center office.
